

Crafter Mix

Crafting Cementitious Mortar

DESCRIPTION:

Crafter Mix is a ready to use fiber reinforced dry mortar mix, composed of black cement, , graded filler, and propriety ingredients.

Crafter Mix is specifically designed to be used by crafters to create cement crafts and accessories.

Crafter Mix is ready to use, and requires only the addition of water.

USES:

- Creating cementitious crafts and accessories.
- Forming small sized cementitious sculptures.
- Patching and repairing small cementitious items.

INSTRUCTIONS FOR USE:

- Mix components with water to the desired consistency.
- Add pigment if desired; powder pigments are preferably mixed with Crafter Mix dry prior to the addition of water, while liquid pigments are preferably added to the wet mix.
- Allow mix to set for a few minutes, then stir again for one minute.
- Pour Crafter Mix into the pre-prepared mold. Make sure to coat the mold with a suitable releasing agent.
- Allow to cure for 24 hrs. @ 25°C before unmolding.

PACKAGING:

Crafter Mix is available in 7 kg plastic containers.

STORAGE:

Keep containers tightly closed when not in use and store in dry conditions.

Shell life in closed containers 12 months

SAFETY - HEALTH:

Use facemask or respirator. Do not allow getting into eyes. Keep out of the reach of children. Prolonged breathing will cause throat and lung irritation.
