

DECORETE MICROCEMENT

Seamless Luxury for Modern Surfaces

Crafting Seamless Elegance

Refined microcement surfaces
for calm, modern, and
timeless interiors.

What is Microcement?

A thin decorative surface system for seamless walls, floors, bathrooms, furniture, and architectural features.

Thin Layer · Seamless · Refined Texture

Outdoor Serenity

Seamless microcement surfaces for
poolsides, terraces, and refined outdoor living.

Pools • Terraces • Outdoor Kitchens

Seamless Pool Finishes

A refined surface language
where water, light, and
texture meet.

Smooth Edges · Water Areas · Soft Texture

Warm Earth Tones

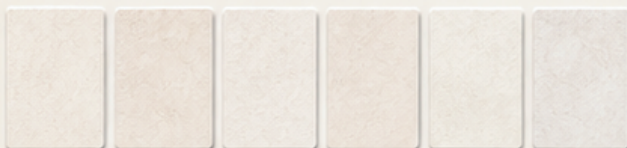

Natural shades that bring softness, warmth, and architectural depth to every surface.

Sand • Clay • Beige • Earth

Microcement Beyond Walls

A versatile finish for furniture,
counters, decorative elements,
and custom architectural pieces.

Furniture · Counters · Decorative Forms

REFINED. SEAMLESS. TIMELESS.

Spa-Inspired Bathrooms

Seamless surfaces for calm,
refined, and luxurious wet-area
environments.

Bathrooms · Showers · Wet Areas
